1.	<p>Section 7, Item d. – Cost Proposal: Can the District provide clarification about the text that states, “Identify the indirect component of each hourly rate and an explanation of how it is established.”?</p> <p>Is this a new requirement for the District, as we have not seen on previous RFPs.</p>	<p>The District wants to see the billing structure and how it is established.</p> <p>This requirement was included specifically for this RFP.</p>
