1. INTRODUCTION

The Sacramento Area Sewer District (SacSewer) is a sewage collection, treatment, and resource recovery utility which serves more than 1.6 million people in a 387 square-mile service area. SacSewer's service area includes the unincorporated areas of Sacramento County (County), and the cities of Citrus Heights, Rancho Cordova, Elk Grove, Folsom, Sacramento, and West Sacramento.

SacSewer owns and operates over 5,000 miles of sewer pipes and 117 pump stations and is responsible for the operations and maintenance of those pipes and pump stations. Sewage is collected from residential, commercial, and industrial customers and conveyed to SacSewer's EchoWater Resource Recovery Facility (EchoWater Facility) near Elk Grove. SacSewer takes pride in recovering valuable resources from the sewage that enters the EchoWater Facility. Examples include biosolids recycling, water recycling, and renewable energy generation.

The following is SacSewer's mission and vision statement:

Mission: *Protecting public health and the environment by collecting, treating, and recovering resources from sewage.*

Vision: *Setting the bar for excellence in sewage management and environmental sustainability.*

SacSewer has four core values that help SacSewer deliver on its mission and vision:

1. Responsibility – Accountable and Committed
2. Resolve – Determined to Succeed
3. Proficiency – Skilled and Capable
4. Environmental Stewardship – Protect and Sustain

2. BACKGROUND

SacSewer's Hydraulic Modeling Team has identified data inconsistencies and address problematic modeling areas, including precise horizontal and vertical data for specific manholes, flasher branches, and cleanouts (nodes) within the SacSewer collection system. To remedy this issue, SacSewer is establishing the Elevation Data Verification Program ("Program"), a critical data-cleansing initiative for the SacSewer Collection System Operations. This Program will clean up and update inconsistent data over the next several years.

3. OBJECTIVE

SacSewer seeks a consultant to provide professional surveying services. These services will be intermittently rendered over a period of several years. The initial term for an agreement, or agreements, awarded from this RFP may be up to five (5) years.

6. QUESTIONS AND COMMUNICATION ABOUT THIS RFP

All communication regarding this RFP should be directed to Alexander Montes via email at montesa@sacsewer.com, the SacSewer's designated point of contact. Questions for this RFP should be submitted to the designated point of contact via email by the date and time stated in Section 4 of this RFP. Questions and answers will be posted at <https://www.sacsewer.com/business-opportunities/> by no later than date stated in Section 4 of this RFP. Please note SacSewer will respond only to technical questions. SacSewer will not provide oral interpretations of any documents to respondents.

Interested consultants are responsible for periodically checking the SacSewer website for addenda to this RFP and responses to questions.

7. SCOPE OF SERVICES

The scope of services will include, but are not limited to, those denoted below. The scope of services shall be used as a basis for preparation of the proposal, and a submitted proposal must address the entire scope of services listed. Additional tasks or modifications to the scope of services that the consultant feels will produce a more cost-effective approach should be included in the proposal.

- a. The consultant must provide professional surveying services based on the following technical requirements:
 - i. Accuracy: Horizontal and vertical measurements must be accurate within 0.2 feet.
 - ii. Coordinate System: NAD83 California State Planes, Zone II, US Foot (Code: CA83-IIF).
 - iii. Vertical Datum: NGVD-29 (a correction factor to NAVD-88 must be provided in the field notes.)
 - iv. Elevations Required:
 1. Center of the node cover (rim).
 2. Ground elevation immediately north of the node cover.
 3. Bottom of the flow channel (nearest to center).
 4. Inverts of all pipes entering/exiting the node. (Note: For drop inlets, measure at the barrel wall; for angled flasher branches, provide a measured or calculated value. Please refer to Figure 1.
 - v. Remarks on Field Notes:
 1. For drop inlets, a remark shall be made on the field note near the pipe invert indicating either an inside drop or an outside drop, including the measured vertical drop distance.
 2. Surveys of the invert at the base of an angled flasher branch may be estimated/calculated as closely as possible. The specific method used to determine this value must be clearly indicated in the survey field notes. If the value can neither be measured nor calculated, a detailed comment explaining the reason must be included in the field notes. Please refer to Figure 1.

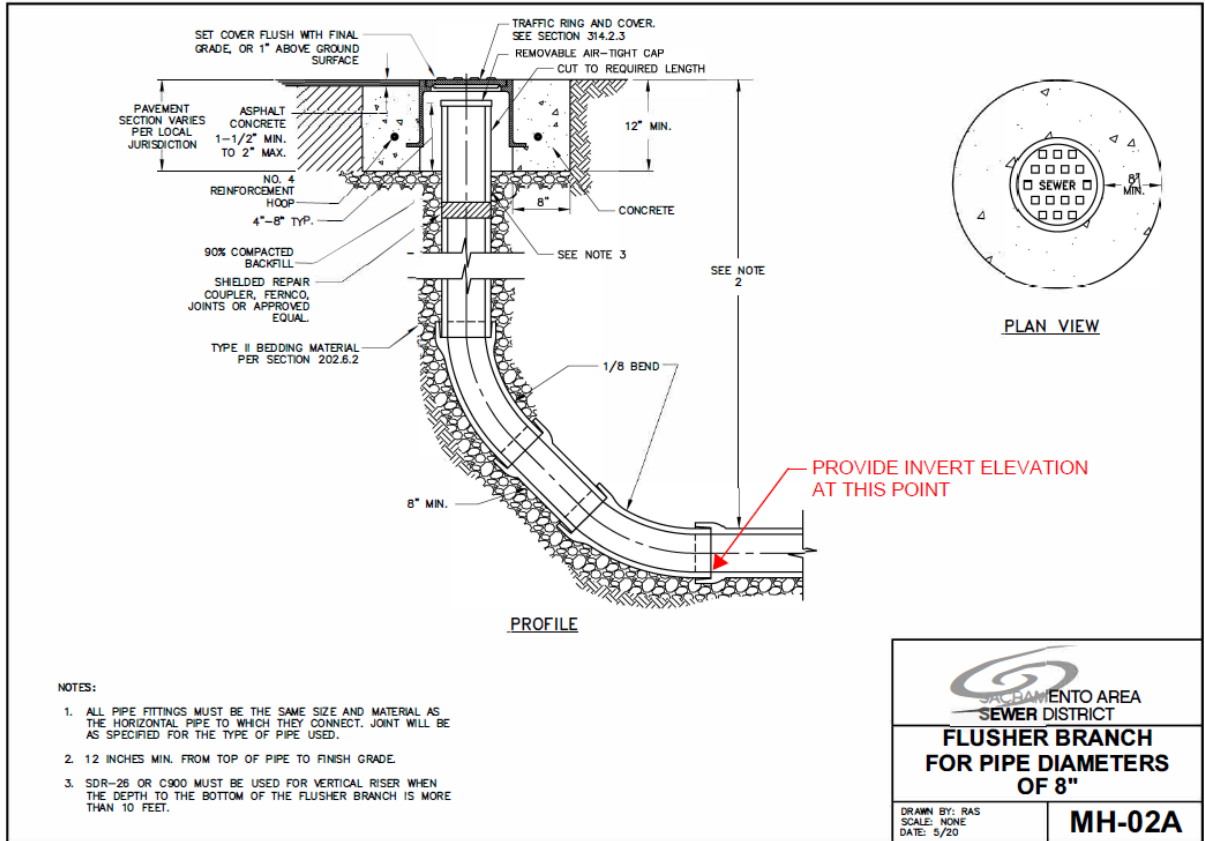

Figure 1

vi. Maintenance: All sealed nodes must be resealed upon completion using SacSewer-specified materials. When a request indicates a manhole is sealed, it means the manhole cover has been “sealed” to the rim with a sealant. This sealant functions as a gasket and is primarily applied to reduce unpleasant odors in the outside area. Below is additional pertinent information.

1. Approved sealants (either option):
 - a. Hercules SHUTOUT manhole lubricant and sealant, Product #25420.
 - b. GE all-purpose 100% silicone, “Door and Window Sealant”.
2. Application procedure:
 - a. Clean the rim to remove all loose dirt, sand, debris, and loose previously applied sealant, but do not clean beyond removing sand and loose debris (i.e., do not clean to the point of a chemically “clean” seal surface).
 - b. The mating surfaces to be sealed shall be dry.
 - c. Apply a liberal continuous bead of sealant to the rim of the manhole and place the cover.
 - d. Fill the pick hole.
 - e. The sealant compounds are immediately “rain-ready”.

- b. The consultant must provide the following deliverables:
- i. Digital Data: A digital data file in csv. format, including the following data:
 1. Node ID
 2. Manhole Northing/Easting
 3. Cleanout (in backyard easements only) Northing/Easting
 4. Manhole rim elevation (NGVD29)
 5. Ground elevation (NGVD29)
 6. Survey date
 7. Comments
 - ii. Field Notes: A field notes package in pdf. file format, including a stamped cover sheet and individual sheets for each node (manhole or cleanout). Each sheet must include:
 1. Plan view of the node and all inflow and outflow pipes
 2. Date of survey and name of the surveyor responsible on site
 3. Asset ID
 4. Short description of the location
 5. North arrow
 6. All flow direction arrows (each inflow and outflow pipe)
 7. State Plane coordinates (center of node)
 8. Vertical elevations: rim elevation, ground elevation near and to the north of the manhole, all pipe inverts, bottom of flow channel
 9. For the base of a flasher branch (transition to main line pipe): indicate if measured or calculated and include the method of calculation or measurement. If this is calculated, then a description or a formula is acceptable.
 10. For flow diversion: include weir height (from channel floor) and weir top elevation.
 - iii. Photography: the following photos in .jpg file format per node (medium compression):
 1. Metadata: All photos must contain the following metadata: date, time, and Northing/Easting.
 2. Street view: Showing the labeled lid and surrounding landmarks.
 3. Interior view: Showing internal configuration, oriented with North at the top of the frame.
 4. Before and after photo for sealed manholes: Showing the completed manhole seal.
 - iv. Revisions to field notes for nodes already surveyed

- c. The consultant must adhere to the following additional requirements:
 - i. Atmospheric Hazard Testing: Before opening any manhole, the internal air must be tested using a calibrated gas monitoring device capable of detecting oxygen (O₂), hydrogen sulfide (H₂S), carbon monoxide (CO), and the lower explosive limit (LEL) of volatile substances such as methane. The sampling wand must be inserted through the pick hole; measurements must be verified before the cover is removed. (Note: the atmospheric hazard testing does not apply to flasher branches.)

Under atmospheric hazard testing, manholes are considered safe to open if the following criteria are met:

O ₂	within 19.5% - 22.5%
CO	< 25 ppm
H ₂ S	< 10 ppm
LEL	< 10%

- ii. Traffic Control: All traffic control as required by governing agency.
- iii. Backyard Access:
 - 1. If work is in easement/backyard, the consultant shall coordinate with property owner or resident for access.
 - 2. SacSewer will provide door hangers for the consultant.
 - 3. The consultant must place a door hanger a minimum of 48 hours and a maximum of 10 working days in advance of work.
 - 4. Following the survey work, the property shall be left as it was found. The consultant must leave a Notice of Work Performed door hanger the same day the consultant completes the work. The consultant must knock on the door when placing the door hanger. Work in incorporated areas within the Sacramento County may require additional coordination.
- iv. Access Permits:
 - 1. SacSewer-approved access permits are required prior to opening or accessing SacSewer-owned and maintained sewer assets in accordance with SacSewer Collection System Ordinance, section 3.4.
 - 2. Access permit applications and related contact information are obtained at www.sacsewer.com or by using the following link: <https://d3mu8612sz7eca.cloudfront.net/wp-content/uploads/access-permit.pdf>.

- vi. Vehicle Magnets:
 1. The consultant must display a SacSewer provided “Approved Contractor” magnet on the left and right side of all vehicles used to perform work.
 2. “Approved Contractor” magnets must only be used when performing work for SacSewer and must not be used when performing work for others.
 3. The consultant is responsible for any lost magnets.
- vii. A-Frame Signs:
 1. The consultant must display a SacSewer provided “Approved Contractor” A-frame sign. When working on private property, the sign must be placed in a visible area of the front yard.
 2. “Approved Contractor” A-frame signs must only be used when performing work for SacSewer and must not be used when performing work for others.
 3. The consultant is responsible for any lost signs.
- viii. Identification Badges:
 1. The consultant must have all staff who perform work display SacSewer provided “Approved Contractor” identification badges. The badge must be displayed so that a staff member’s name and face can be clearly seen. The consultant must request identification badges from SacSewer.
 2. “Approved Contractor” identification badges must only be used when performing work for SacSewer and must not be used when performing work for others.
 3. The consultant is responsible for any lost identification badges.
- ix. Project Management:

Program Team	25
Total	100

12. SELECTION PROCESS

Consultants must submit a complete proposal document with organization and content consistent with Section 9 of this RFP – Organization and Content of Proposal, by the proposal submission deadline.

Ranking of the proposals will be based on the Proposal Rating Criteria. Proposals will be evaluated in three phases as follows:

Phase 1: Proposals will be examined as to whether or not the consultant understood and responded in accordance with the following requirements:

- 1) Proper completion and submittal of required proposal documents; and
- 2) Related experience requirement met or exceeded.

Phase 2: Proposals that meet the requirements in Phase 1 will be evaluated and scored using the table in Section 11 of this RFP. SacSewer will disqualify proposals if their score for any single criterion is zero or its total score is less than 60. After initial review of all responsive proposals, if SacSewer desires to host interviews, SacSewer will create a shortlist of the three (3) highest scoring consultants to participate in interviews. Proposal scores will be adjusted based upon the performance in the interviews. SacSewer may also complete the consultant evaluation and selection without conducting interviews.

Phase 3: The Cost Proposal for the highest ranked proposal (and interview, if conducted) will be opened. SacSewer will enter negotiations with the consultant. If a mutually agreeable contract is unable to be negotiated, SacSewer will conclude negotiations with said consultant. Then, SacSewer will commence negotiations with the consultant with the next highest ranked proposal. This process will continue until an agreement is successfully negotiated or the list of eligible consultants is exhausted. Once a contract is executed, the remaining sealed cost proposals will be destroyed and not made public.

SacSewer reserves the right:

- **To reject any or all Proposals, or any part thereof; and**
- **To select more than one consultant; and**
- **To waive any informality in the Proposal; and**
- **To accept the Proposal that is in the best interest of the SacSewer.**

All of SacSewer's decisions will be final.

13. AWARD OF CONTRACT

The contract will be awarded to the consultant with the highest ranked proposal and best overall response to the requirements of this RFP. SacSewer may select whichever proposal it determines will best serve its interests. The successful consultant will be selected in accordance with the selection process identified in Section 12 of this RFP, and any addenda thereto, except for any informalities waived by SacSewer. Selection is expected to be made according to Section 4 of this RFP, subject to final approval by the appropriate SacSewer authority.

At any time during the proposal evaluation process, SacSewer may request a consultant to provide oral or written clarification of its proposal.

If SacSewer fails to object to an error, omission, or deviation in the proposal, it will not change the RFP or excuse the consultant from fully complying with the RFP specifications or any agreement awarded under the RFP.

B. CONSULTANT certifies that it shall not contract with a subcontractor that is so debarred or suspended.

B. It is further understood and agreed by the parties hereto that CONSULTANT in the performance of its obligation hereunder is subject to the control or direction of SacSewer as to the designation of tasks to be performed, the results to be accomplished by the services hereunder agreed to be rendered and performed, and not the means, methods, or sequence used by CONSULTANT for accomplishing the results.

C. If, in the performance of this Agreement, any third persons are employed by CONSULTANT, such person shall be entirely and exclusively under the direction, supervision, and control of CONSULTANT. Further, CONSULTANT is not included in any group covered by SacSewer's present agreement with the federal Social Security Administration.

[AND – Optional based on in state vs out-of-state service provider]

K. B. CONSULTANT's failure to cure such default within 90 days of notice by SacSewer shall be grounds for termination of this Agreement.

15. BENEFITS WAIVER

If CONSULTANT is unincorporated, CONSULTANT acknowledges and agrees that CONSULTANT is not entitled to receive the following benefits and/or compensation from SacSewer: medical, dental, vision and retirement benefits, life and disability insurance, sick leave, bereavement leave, jury duty leave, parental leave, or any other similar benefits or compensation otherwise provided to permanent civil service employees pursuant to the SacSewer's Employee Benefits documents for all of its Employee Groups, the Civil Service Rule, the Sacramento County Employees' Retirement System and/or any and all memoranda of understanding between SacSewer and its employee organizations. 16. RETIREMENT BENEFITS/STATUS

C. CONSULTANT must report to SacSewer in writing on a semi-annual basis (January 5th and July 5th of each calendar year), the names of employees retired from County or SacSewer employment providing services under this Agreement, and hours those employees have worked during the applicable reporting period. CONSULTANT shall submit reports to SDASCERSReporting@sacsewer.com.

D. CONSULTANT shall not assign employees to provide services under this Agreement in violation of SCERS Post Retirement Employment Policy.

18. **CONFLICT OF INTEREST**

19. **LOBBYING AND UNION ORGANIZATION ACTIVITIES**

A. CONSULTANT shall comply with all certification and disclosure requirements prescribed by Section 319, Public Law 101-121 (31 U.S.C. § 1352) and any implementing regulations.

B. If services under this Agreement are funded with state funds granted to SacSewer, CONSULTANT shall not utilize any such funds to assist, promote or deter union organization by employees performing work under this Agreement and shall comply with the provisions of Government Code Sections 16645 through 16649.

20. **NONDISCRIMINATION IN EMPLOYMENT, SERVICES, BENEFITS AND FACILITIES**

A. CONSULTANT agrees and assures SacSewer that CONSULTANT and any subconsultants shall comply with all applicable federal, state, and local Anti-discrimination laws, regulations, and ordinances and to not unlawfully discriminate, harass, or allow harassment against any employee, applicant for employment, employee or agent of SacSewer, or recipient of services contemplated to be provided or provided under this Agreement, because of race, ancestry, marital status, color, religious creed, political belief, national origin, ethnic group identification, sex, sexual orientation, age (over 40), medical condition (including HIV and AIDS), or physical or mental disability. CONSULTANT

shall ensure that the evaluation and treatment of its employees and applicants for employment, the treatment of SacSewer employees and agents, and recipients of services are free from such discrimination and harassment.

B. CONSULTANT represents that it is in compliance with and agrees that it will continue to comply with the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.), the Fair Employment and Housing Act (Government Code § 12900 et seq.), and regulations and guidelines issued pursuant thereto.

C. CONSULTANT agrees to compile data, maintain records and submit reports to permit effective enforcement of all applicable anti-discrimination laws and this provision.

D. CONSULTANT shall include this nondiscrimination provision in all subcontracts related to this Agreement.

21. INDEMNIFICATION

To the fullest extent permitted by law, for work or services provided under this Agreement, CONSULTANT shall indemnify, defend, and hold harmless SacSewer and County of Sacramento, its governing Board, officers, directors, officials, employees, and authorized volunteers and agents (collectively "Indemnified Parties"), from and against any and all claims, demands, actions, losses, liabilities, damages, and all expenses and costs incidental thereto (collectively "Claims"), including cost of defense, settlement, arbitration, expert fees, and reasonable attorneys' fees, resulting from injuries to or death of any person, including employees of either party hereto, and damage to or destruction of property, or loss of use or reduction in value thereof, including the property of either party hereto, and recovery of monetary losses incurred by SacSewer directly attributable to the performance of CONSULTANT, to the extent arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of CONSULTANT, its employees, CONSULTANT's sub-consultants or subcontractors at any tier, or any other party for which CONSULTANT is legally liable under law.

The right to defense and indemnity under this section arises upon occurrence of an event giving rise to a Claim and tendered in writing to CONSULTANT. CONSULTANT shall defend Indemnified Parties with counsel reasonably acceptable to SacSewer.

Notwithstanding the foregoing, the parties expressly agree that CONSULTANT's defense obligation under this indemnity obligation shall require CONSULTANT to defend the Indemnified Parties until any of the following occur: (1) the judgment has become final by a Court of Competent Jurisdiction, (2) other mutually agreeable dispute resolution or settlement process establishing the proportionate percentage of fault of the parties under law. In the event that fault is apportioned between SacSewer and CONSULTANT, CONSULTANT's final cost of defense shall not exceed its proportionate percentage of fault. To the extent that CONSULTANT's cost of defense exceeds its proportionate percentage of fault, SacSewer shall reimburse CONSULTANT. If requested by SacSewer, CONSULTANT agrees to participate, at its own expense, in the defense of a Claim to provide testimony or to produce documents or other relevant information.

To the extent permitted by law, this indemnity obligation shall not be limited by the types and amounts of insurance or self-insurance maintained by CONSULTANT or CONSULTANT's subconsultants or subcontractors at any tier.

Nothing in this indemnity obligation shall be construed to create any duty to, any standard of care with reference to, or any liability or obligation, contractual or otherwise, to any third party.

The provisions of this indemnity obligation shall survive the expiration or termination of the Agreement.

22. INSURANCE

Without limiting CONSULTANT's indemnification, CONSULTANT shall maintain in force at all times during the term of this Agreement and any extensions or modifications thereto, insurance as specified in Exhibit [Identifier]. It is the responsibility of CONSULTANT to notify its insurance advisor or insurance carrier(s) regarding coverage, limits, forms and other insurance requirements specified in Exhibit [Identifier]. It is understood and agreed that SacSewer shall not pay any sum to CONSULTANT under this Agreement unless and until SacSewer is satisfied that all insurance required by this Agreement is in force at the time services hereunder are rendered. Failure to maintain insurance as required in this agreement may be grounds for material breach of contract.

23. INFORMATION TECHNOLOGY ASSURANCES

CONSULTANT shall take all reasonable precautions to ensure that any hardware, software, and/or embedded chip devices used by CONSULTANT in the performance of services under this Agreement, other than those owned or provided by SacSewer, shall be free from viruses. C. SacSewer operates on a July through June fiscal year. Invoices for services provided in any fiscal year must be submitted no later than July 31, one month after the end of the fiscal year. Invoices submitted after July 31 for the prior fiscal year shall not be honored by SacSewer unless CONSULTANT has obtained prior written SacSewer approval to the contrary.

D. CONSULTANT shall maintain for four years following termination of this Agreement full and complete documentation of all services and expenditures associated with performing the services covered under this Agreement. Expense documentation shall include: time sheets or payroll records for each employee; receipts for supplies; applicable subcontract expenditures; applicable overhead and indirect expenditures.

E. In the event CONSULTANT fails to comply with any provisions of this Agreement, SacSewer may withhold payment until such non-compliance has been corrected.

25. SUBCONTRACTS, ASSIGNMENT

A. CONSULTANT shall obtain prior written approval from SacSewer before subcontracting any of the services delivered under this Agreement. CONSULTANT remains legally responsible for the performance of all contract terms including work performed by third parties under subcontracts. Any subcontracting will be subject to all applicable provisions of this Agreement. CONSULTANT shall be held responsible by SacSewer for the performance of any subconsultant whether approved by SacSewer or not.

B. This Agreement is not assignable by CONSULTANT in whole or in part, without the prior written consent of SacSewer.

26. AMENDMENT AND WAIVER

Except as provided herein, no alteration, amendment, variation, or waiver of the terms of this Agreement shall be valid unless made in writing and signed by both parties. Waiver by either party of any default, breach or condition precedent shall not be construed as a waiver of any other default, breach or condition precedent, or any other right hereunder. No interpretation of any provision of this Agreement shall be binding upon SacSewer unless agreed in writing by the District Engineer and counsel for SacSewer.

27. SUCCESSORS

This Agreement shall bind the successors of SacSewer and CONSULTANT in the same manner as if they were expressly named.

Pending resolution of any such dispute, CONSULTANT shall continue without delay to carry out all its responsibilities under this Agreement unless the Agreement is otherwise terminated in accordance with the Termination provisions herein. SacSewer shall not be required to make payments for any services that are the subject of this dispute resolution process until such dispute has been mutually resolved by the parties. If the dispute cannot be resolved within 15 calendar days of initiating such negotiations or such other time period as may be mutually agreed to by the parties in writing, either party may pursue its available legal and equitable remedies, pursuant to the laws of the State of California. Nothing in this Agreement or provision shall constitute a waiver of any of the government claim filing requirements set forth in Title 1, Division 3.6, of the California Government Code or as otherwise set forth in local, state and federal law.

32. TERMINATION

A. SacSewer may terminate this Agreement without cause upon [number of days] days written notice to the other party. Notice shall be deemed served on the date of mailing. If notice of termination for cause is given by SacSewer to CONSULTANT and it is later determined that CONSULTANT was not in default or the default was excusable, then the notice of termination shall be deemed to have been given without cause pursuant to this paragraph (A).

B. SacSewer may terminate this Agreement for cause immediately upon giving written notice to CONSULTANT should CONSULTANT materially fail to perform any of the covenants contained in this Agreement in the time and/or manner specified. In the event of such termination, SacSewer may proceed with the work in any manner deemed proper by SacSewer. If notice of termination for cause is given by SacSewer to CONSULTANT and it is later determined that CONSULTANT was not in default or the default was excusable, then the notice of termination shall be deemed to have been given without cause pursuant to paragraph (A) above.

C. SacSewer may terminate or amend this Agreement immediately upon giving written notice to CONSULTANT, 1) if advised that funds are not available from external sources for this Agreement or any portion thereof, including if distribution of such funds to SacSewer is suspended or delayed; 2) if funds for the services and/or programs provided pursuant to this Agreement are not appropriated by the State; 3) if funds in SacSewer's yearly proposed and/or final budget are not appropriated by SacSewer for this Agreement or any portion thereof; or 4) if funds that were previously appropriated for this Agreement are reduced, eliminated, and/or re-allocated by SacSewer as a result of mid-year budget reductions.

D. If this Agreement is terminated by SacSewer under paragraph (A) or (C) above:

(1) CONSULTANT shall cease rendering services pursuant to this Agreement as of the termination date.

(2) CONSULTANT shall deliver to SacSewer copies of all writings prepared pursuant to this Agreement. (3) CONSULTANT shall not incur any expenses under this Agreement after notice of termination and shall cancel any outstanding expenses obligations to a third party that CONSULTANT can legally cancel.

E. If this Agreement is terminated under paragraphs (A) or (C), above, CONSULTANT shall be paid for authorized and approved services performed prior to the termination date in accordance with the provisions of the Compensation and Payment of Invoices Limitations provision of this Agreement.

SacSewer shall explain procedures for reporting the required information.

34. AUDITS AND RECORDS

A. Upon SacSewer's request, SacSewer or its designee shall have the right at reasonable times and intervals to audit, at CONSULTANT's premises, CONSULTANT's financial and program records as SacSewer deems necessary to determine CONSULTANT's compliance with legal and contractual requirements and the correctness of claims submitted by CONSULTANT. CONSULTANT shall maintain such records for a period of four years following termination of the Agreement, and shall make them promptly available for copying upon SacSewer's request at SacSewer's expense. SacSewer shall have the right to withhold any payment under this Agreement until CONSULTANT has provided access to CONSULTANT's financial and program records related to this Agreement.

B. CONSULTANT recognizes that SacSewer records are accessible to the public, and must be made promptly available to a requestor, and CONSULTANT agrees to provide the appropriate facilities and services in full compliance with the California Public Records Act when directed by SacSewer to do so. CONSULTANT will follow SacSewer guidance and instruction in the case of any Public Records Act requests. If the CONSULTANT terminates or sells its business, it shall promptly notify SacSewer, and provide options to SacSewer for the disposition of its records. This provision shall survive in the event of termination of this Agreement.

35. PRIOR AGREEMENTS

Any prior agreements, whether oral or written, between SacSewer and CONSULTANT regarding the subject matter of this Agreement are hereby terminated effective immediately upon full execution of this Agreement.

36. SEVERABILITY

If any term or condition of this Agreement or the application thereof to any person(s) or circumstance is held invalid or unenforceable, such invalidity or unenforceability shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application; to this end the terms and conditions of this Agreement are declared severable.

The insurance policies required in this Agreement are to contain, or be endorsed to contain, as applicable, the following provisions:

CONSULTANT shall require that such policies name SacSewer, the County of Sacramento and CONSULTANT as additional insureds on a primary and non-contributory basis where applicable, include waivers of subrogation in favor of SacSewer and CONSULTANT where applicable, and be evidenced by certificates and endorsements upon request. CONSULTANT shall remain responsible for enforcing these requirements and shall remain fully responsible for the acts and omissions of subcontractors regardless of compliance.

- B. Commercial General Liability and/or Commercial Automobile Liability:
- (1) ADDITIONAL INSURED STATUS: SACRAMENTO AREA SEWER DISTRICT, and the County of Sacramento and their governing Boards, officers, directors, officials, employees, and authorized volunteers and agents (each an “Additional Insured Party,” and collectively “Additional Insured Parties”), are to be included as additional insureds as respects: liability arising out of activities performed by or on behalf of CONSULTANT in the performance of work; products and completed operations of CONSULTANT; premises owned, occupied or used by CONSULTANT in the performance of the work; or automobiles owned, leased, hired or borrowed by CONSULTANT. Should CONSULTANT be self-insured for workers' compensation, CONSULTANT hereby agrees to waive its right of subrogation against SACRAMENTO AREA SEWER DISTRICT, and the County of Sacramento and their governing Boards, officers, directors, officials, employees, and authorized volunteers and agents

- E. Notification of Claim
